

# Secret Techniques for Raising and Caring for Bonsai

## THE SECRET TECHNIQUES OF BONSAI

A Guide to Starting, Raising, and Shaping Bonsai

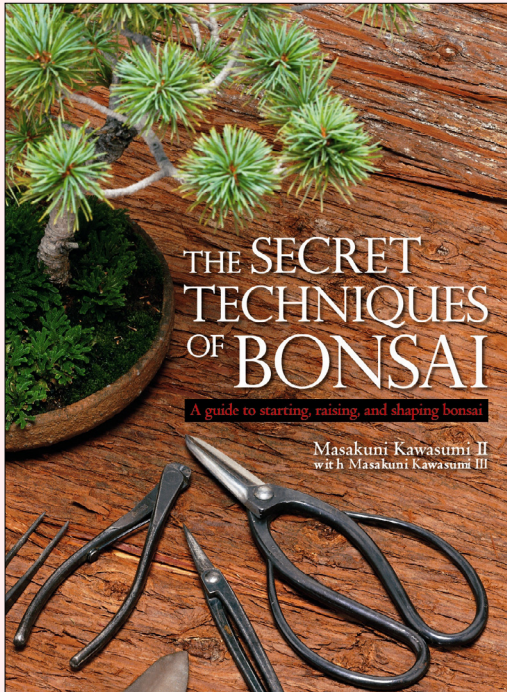

### 英文 盆栽・秘密のテクニック

*The Secret Techniques of Bonsai* is one of the first books to unveil the secrets of the trade. Masakuni Kawasumi II teams up with his son, Masakuni III, to offer not only the basics for creating perfect bonsai but secret techniques he has developed over years of careful work and observation. Masakuni III, the first qualified tree doctor for bonsai in Japan, adds his unique insights to make this an invaluable book for beginners and experienced enthusiasts alike.

Included are:

- Secret techniques for raising and caring for bonsai by father-and-son bonsai experts
- Detailed information about growing bonsai from seedlings and/or beginner plants
- Expert advice on shaping, pruning, training, grafting, repotting and other techniques made simple
- Over 160 step-by-step photos accompany text
- With fascinating additional advice from expert tree doctor, Masakuni III
- Detailed discussions about using bonsai tools to perfect bonsai work (a subject neglected by most bonsai books)

樹木を知り、道具を正しく使って盆栽をつくる  
数多くの盆栽道具を考案・開発した二代目川澄昌国と  
盆栽界では日本初の樹木医でもある三代目川澄昌国が、  
盆栽づくりの知られざる知恵と技術を紹介。

Masakuni Kawasumi II  
Masakuni Kawasumi III  
川澄昌国二代目／川澄昌国三代目 共著
